

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Glen Priddy – County of San Luis Obispo Department of Public Works
Applicant's Agent	N/A
Project Name	Cypress Mountain Road at Las Tablas Creek Bridge Repair Project
Receiving Water City/County	Las Tablas Creek Adelaida / San Luis Obispo
Public Notice Project Description	5/24/07 to 6/13/07 The purpose of this project is to repair and protect the existing Cypress Mountain Drive at Las Tablas Creek Bridge from damage by scour. The project activities include: diverting flow around the work area using an 80-foot long diversion culvert. The bridge will be jacked and leveled, and one abutment and two bent footings will be excavated approximately 6 feet deep. New footings will be formed, poured, and secured to the existing footings. The sacked concrete wall will be removed from the south abutment and a new concrete scour protection wall will be constructed. The wooden support posts will be replaced, the false work will be removed, the bridge will be un-jacked, and the stream diversion will be removed. Mitigations will include: revegetating the banks with appropriate native plant species. A Mitigated Negative Declaration was declared for this project. State Clearinghouse file No. 2007031154
